

WILDCATS ON ICE

ABOUT US:

Wildcats On Ice is a non-profit 501c3 fund guided by a board comprised of alumni UNH hockey players and students along with local business leaders. All with a passion to support UNH Hockey fans, players and coaches.

Wildcats On Ice's goal is to assist the UNH Hockey Program become the most competitive and well rounded program in the country. The fund supports the program with its player off ice education preparing players for life after hockey, counseling, mentoring, facility and equipment needs and updates, fan outreach activities and experiences, individual player support and much more.

OUR MISSION:

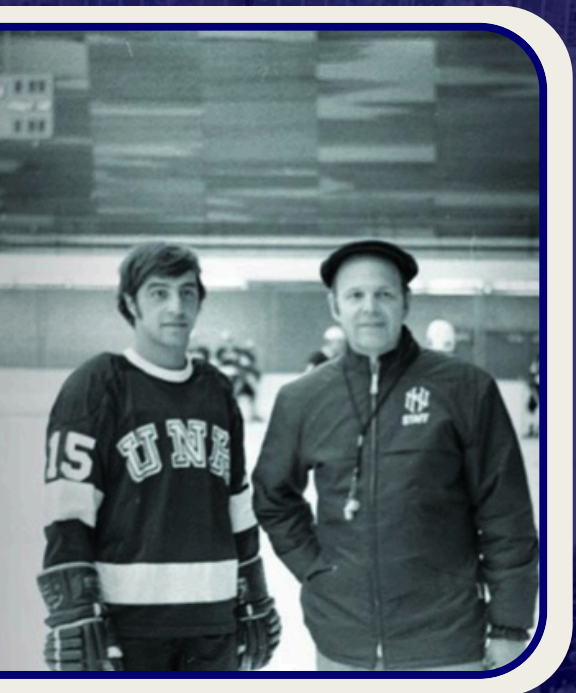

To support and empower the University of New Hampshire Hockey Program by providing essential material resources, fostering learning and personal growth through educational experiences, creating opportunities for philanthropic engagement, and enhancing connections between the team and its fans to build a stronger more inclusive environment.

TODAY'S CHALLENGES:

The landscape in college Division I sports has changed greatly. Name Image and Likeness (NIL) is now prominent, Canadian Junior Players are now eligible for NCAA Hockey, recruiting is becoming more difficult due to the number of Division I programs increasing, facility offerings are improving, player agents are now making decisions, etc.

Wildcats on Ice was formed to help financially assist the UNH Hockey Program as it adapts in all these areas and ventures through this new NCAA landscape both on and off the ice.

HISTORY / SUPPORT:

The UNH Hockey program has had incredible success over its 100 plus years of existence and impacted players, friends and so many families. It has housed Hockey East Championship teams, a Hobey Baker Winner and multiple Hobey Baker finalists, National Championship Finalist Teams, College Hockey Hall of Fame Members, and numerous NCAA All Americans, NHL Players and Stanley Cup Champions.

Over those years it has been a strong catalyst for many businesses and brought pride in not only the state of NH but New England. It is a wintertime staple for families in New England which has produced so many great memories and joyful experiences.

Supporting this program not only impacts the players of the UNH Hockey Program but it has a huge impact on every other student and student athlete at the University of New Hampshire.

DONATIONS:

As a registered 501c3, all donations are tax deductible and 100% of your donation goes directly to the UNH Hockey program.

Wildcats on Ice goal is to build a fund to a level where it will generate a generous amount of interest annually. The interest combined with a very small percentage of annual donations will go towards UNH Hockey's needs which yield the greatest impacts.
